Subject: FW: Information needed for Gold King Mine release - Can we get this information today?

Nancy – I just got off a call with the Comptrollers in R8 & R6 regarding the Gold King mine. R8 is looking to put in a request for funds today and is hoping to do a consolidated request. Here are their questions along with some notes:

1) the amount estimated for extramural for R8 and if this includes work in R 6&9, if not please include their estimates;

R8 will ask for \$6 M (max for RA signature)

9R is a HQ budget reserve

Is R9 doing an actions memo?

Laura Williams is R8 OSC Section Chief

2) the amount estimated for overtime for R 6,8 & 9;

R8 plan is to charge about \$1.2 M – Will put in a \$1.2 Million payroll request

R6 has deployed 30 FTE non-SF – they will be charging \$F

R8 has deployed about 30 to Durango + 30 in Denver

R8 has people “Self-deploying!”

3) the amount estimated for site travel for R 6, 8 & 9;

4) Timeframes. If you can segment the work/ needed resources or estimate this much payroll, travel, contractor costs etc will get us through ?

Is there somebody in SFD we should work with?

R8 is standing up and command center in Durango, CO and is buying lots of IT equipment and renting space at the fairgrounds. R6 is establishing a command center in Farmington NM. The general idea on site-charging is the mine is one site, the river in R8 is one site, the river in R6 is one site, and the river in R9 is one site.

The plan is for calls every other day to keep us all on the same track. We will be spending lots of money and it will be so much better if we have the site charging correct up front.
